

2024 PSSA Cricket Draw (Term 1)

Senior Cricket - Rules are the same as previous year. Remember to use a **rotational roster for batting** to encourage participation of all students. **All Snr games should be played on a pitch where possible.** Before the game starts, if a team has arrived late OR extreme weather, then discuss with the other teacher about reducing number of overs down from 10 to 8 or whatever is agreed upon. Please Read the SNR Rules Document that was sent out as well.

Junior Cricket - Rules are the same as previous years. Jnr games can be played on a pitch if two pitches are available. At several of our grounds the Juniors will be required to play on the grass. Before the game starts, if a team has arrived late OR extreme weather, then discuss with the other teacher about reducing number of overs down from 12 to 10 or whatever is agreed upon. Please Read the JNR Rules Document that was sent out as well.

*** 'Home grounds' were calculated based on the times provided by Gmaps to travel there from your school and trying to balance out those times across the whole zone. I have given each school a home ground that is relatively close but might not be the closes to your school as only 2 schools can share a ground for the draw to work. I have tried being as fair as possible for amount of home games across the whole season. (However, due to some ground closures for rounds 3 & 5 it means it was not possible for every team to have the same number of home games.) ***

Northern Division Home Grounds		Southern Division Home Grounds
